YOU SAY TECHNOLOGY

WE SAY…

A database of 80,000 candidates updated every day

Approach People Recruitment has been providing professional IT recruitment services to some of the World's leading technology companies in Europe for over 10 years. We are a key partner to most of the top 50 blue chip companies covering a variety of specialised areas including outsourcing support centres, software editors, e-commerce solutions, gaming companies, hardware manufacturers, social networking, online marketing, telecommunications companies and online gambling. We combine in-depth IT technical knowledge with HR skills in order to provide you with the best candidates available on the market.

We have experience and expertise in assisting companies in recruiting across all technology functions, from the helpdesk support to the entire software project life cycle. Our dedicated IT Recruitment team works with candidates experienced in specialised fields, focusing on candidates with language skills in addition to their technical competence.

OUR AREAS OF EXPERTISE:

- Multilingual Technical Support functions
- Software Development Operations
- Business Intelligence

- Project Management
- ERP Consultancy
- Web Development Services

THE ROLES WE RECRUIT FOR:

RELY ON US TO SELECT THE BEST FIT CANDIDATES

We assess each candidate's skills and experience in accordance with the position's requirements. We also identify and highlight their potential in order to provide you with only the most qualified candidates with which to fill your vacancies. For that purpose, we :

- Assess their skills and knowledge through detailed interviews

- Collect information on their expertise and the technologies they use

- Select candidates whose personnality matches with the company's culture

ENTRUST YOUR RECRUITMENT TO THE EXPERTS

Our consultants are specialised in IT recruitment and all have developped a good understanding of the technologies, companies and candidates within that particular market. Beyond the knowledge they have of the IT sector, they also have a strong interest in the technology area. Having succesfully placed a wide number of Technology professionals across Europe, they are always on the lookout for new ways to source suitable candidates for our clients.
